

Development of a biobank for Future Research Projects

Blood and hair samples for future research projects can be archived free of charge at the University of Bern. If you would like to contribute a sample of your horse for the buildup of our biobank, please send

- 5 to 10 ml EDTA blood or approximately 50 pulled hairs with attached hair roots in a clean plastic bag (clearly labeled with the identity of the horse),
- this **completed form** and
- a copy of the pedigree

Institute of Genetics

Breed Date of sample taking Name UELN code Registry ID Chip No. Date of birth Sex male female Coat color Sterilized yes no Healthy Disease/diagnostics (ff applicable please add copies of the diagnostic findings) Remarks 2.
