

Request for genetic testing

Determination of base color in horses

- **5 to 10 ml EDTA blood** (clearly labeled with the identity of the horse),
- this **completed form** and
- a **copy of the pedigree**

in a jiffy bag at room temperature to: **Institute of Genetics
University of Bern
Bremgartenstrasse 109a
CH-3001 Bern**

The price for a test result is **120,- CHF** plus VAT. Since individual submissions cannot be processed individually, a waiting time of 1-3 months until the result is available should be expected.

1. Animal information

| | | | |
|---------------|-----------------------|------|--------|
| Breed | Date of sample taking | | |
| Name | UELN code | | |
| Registry ID | Chip No. | | |
| Date of birth | Sex | male | female |

2. Owner information

| | | | |
|-------------|------------|--|--|
| Name | First name | | |
| Street, No. | Country | | |
| Postal code | City | | |
| E-mail | | | |

I agree to genetic testing of the animal indicated above and that the test results and sample material may be used for further scientific research. The leftover sample material will belong to the University of Bern.
